Subject: Sailing Docks

Hi Tim,

Here is the response I got from your insurance company:

Unfortunately we are unable to remove the docks exclusion from our form. The docks valuation is only \$1,000 each and we do have \$1,000 property deductible on the policy. Hopefully they will be able to self- insure the docks.

As for the GL coverage since we do not have an exclusion in our form, liability coverage is automatically extended.

The first part is in response to property coverage and the second part refers to liability.
Hope this helps.

Thanks,
Angela
