Subject: Pinecrest Permittee Nominating Committee Report

Dear Tim,

The Pinecrest Permittee Nominating Committee has reviewed the candidates proposed for presentation to the membership at the July 2016 annual meeting.

We recommend that all four of these candidates be offered to the membership for approval: Chris Barth, Allen Green, Tim Fisher and J. Rogers.

We look forward to assisting the Association in this activity in the future.

Thank you for service in making Pinecrest such an enjoyable place.

Paul Schaefer

Re: Board Member

February 10, 2016

Dear Nominating Committee

It is with great passion and enthusiasm that I respectfully submit this letter of interest to continue to serve on the PPA Board.

My wife Sarah and I along with our family have enjoyed having our cabin at 333 Lake Shore and the friendship in Pinecrest for many years.

I am a devoted family man, who believes in family values, common sense, integrity, involvement, commitment and leadership. I have not only spent much of my life as a successful businessman but I have also been providing leadership at many other levels: School Board Member, County Planning Commission, Rotary Club and from the Farm Bureau Board to the State Water Quality Control Board and the Governor's Chairman of the Central Valley Economic Summit.

An ability to deal with people in our widely diverse community and to quickly assess problems and apply appropriate solutions warrants trust and confidence. My established record of dedication and contribution to my work is exemplary. I am committed to foster team spirit, provide support and represent the board and the permittees in a professional manner at all times

If reelected I want to continue taking an active role in the ongoing improvement, keeping more openness and communication between the board and the members of the association. I love Pinecrest and will continue to be dedicated and will work diligently with fellow board members, staff and to all the Permittees in continuing to make Pinecrest the most enjoyable place on earth. I also believe in a strong voice with the Forest Service and our vested interest in the Pinecrest area.

If you need any more information please don't hesitate to call me.

Sincerely,

Chris Barth

RE: Permittee Board Membership

I offer my candidacy for one of the Class 1 vacancies on the Board effective in July of 2016.

I believe that over the last three years our Board has developed a less contentious relationship with the USFS. Through vigorous efforts we have resolved several long outstanding issues of billing, auditing & reimbursements. I have enjoyed my 12 years' service on the Board and wish to continue in that capacity. I believe my technical and public policy skills are an asset to the efforts of the Association. We are preparing to negotiate a new sewer contract with the USFS, which will include the USFS expansions brought about by the FERC process. We have marshaled the support of legislators to overcome some of the onerous changes to our local parking & circulation and shoreline plans under the FERC agreement. We have successfully appealed our CUFFA Appraisals and have participated strongly in the NFH attempt to establish the Cabin Fee Act which was successful. We have begun a solar array at our sewer plant and hope to save that fund ~\$60k/year.

We need to maintain our financial strength and enhance our legal status to provide the best accommodations to our association members. I thank you for the opportunity to advance our efforts.

Respectfully submitted,

Tim Fisher

2/29/16

Pinecrest Permittees Association.

In keeping with our requirements, I hereby submit my letter requesting that my name again be considered for election to the Pinecrest Permittees Association Board of Directors. Actually I had seriously considered not making this submission, hoping that another Permittee would be interested in joining this august board. However, no name materialized and rather than have an open seat, here I am again seeking your vote.

I base my request on the facts. I have been a member of the PPA Board for a good number of years. My contributions to the Association are numerous; ranging from the collaborative effort to have our first Employees Manual, reviewing and ridding many of the file boxes of old records – no long required to be stored, to the reworking of our Constitution and Bylaws – which is again coming up for review. Before another Permittee volunteered, I was the delegate to the National Forest Homeowners Association, representing our Tract.

Many of you know that I am one of the founders of the Friends of Pinecrest, non-profit organization now going into its eighth or ninth year. FOP is the voice of the Permittees in civic items, which are not allowed within the PPA's organizational arrangement. To this endeavor I have spent and will continue to do so, many hours together with our Board to help make Pinecrest an even better place for all to enjoy. You can see our results in the Dog-Waste-Bag stations, the free Dancing in the Dirt annual event (this year on Aug. 13th), our forthcoming Horse Shoe tournament, our financial donations to the FS Evening Recreation programs and participation with the Forest Service's working groups in such projects as the Traffic Circulation and Parking Plan, the Campground Renewal and the upcoming Shore Line Management Pan. There are many other items on the docket for FOP in which I will be involved.

Why am I telling you this, because this will be my last time running for the PPA Board of Directors. I hope that before the next election other Permittees will see fit to volunteer their services to our Utility District the PPA Association.

Thanks for your consideration.

Sincerely,

Allen Green, PE Ret.

J Rogers

I've enjoyed having been elected to the board for the last many years. I gain new knowledge about past hurdles and current events with each meeting. I've enjoyed coming to Pinecrest since I was born and now spend as much time as possible with my young family at our cabin.

I have spent my career as a business owner and business trainer and continue to help solve problems. I bring that knowledge to the board and am a team player in all aspects of life. I also have an extensive knowledge of electrical, plumbing, sewer, and other systems that we rely on as permittees in Pinecrest.

I enjoy working with the Forest Service in a collaborative effort to make the right decisions on what happens to our "home away from home." I believe it's important that discussion is open, all thoughts are included, and decisions are made on what is best for everyone as a whole. I think common sense is the most important thing we can bring to the table.

I really enjoy working alongside the other board members along with speaking with Permittees any chance I get.

I'd like to remain a board member and ask that you vote me in another term as I do have the Permittee's best interests in mind and enjoy working and learning with each successive year.
