Hi Tim, Good letter. Good start.

Is your board meeting this Friday the 22nd. If it is I would be willing to attend if possible. If it is next Friday, Sept 5th I will be out of town. However, I could call in if you require any input from me. Lee

**Subject:** Pinecrest & Strawberry fire coverage

HI: I am very concerned that we have only one structure engine in the Pinecrest Strawberry area. Our type 3 is on a fire and we have asked for a replacement, even another structure engine. From what I understand our lieutenant was told no! we could just deal with it from BC, other excuses were ours should be back soon. Last time it was to be gone a few days and was gone 3 weeks. I know that once it is in the system it could go any place if another fire breaks out in the state. The next engine is long Barn sparsely staffed then MI WUK Sugar pine. 30 Min away it is only a mater of time before we will need that second engine. We have had Three calls for Vehicle accidents in the last week. I'm hoping we can correct this in house.
