RE: Proposed Action Dodge Ridge Mountain Bike Trails Project (50375)

Dear Miguel:

Thank you for the opportunity to comment on the Dodge Ridge Mountain Bike Trails Project Proposed Action.

Pinecrest Lake Resort is in support of the above-mentioned project, as the continued addition of well-organized, structured recreation is beneficial to the area and existing businesses. We feel strongly that the Trails Project at Dodge Ridge will provide a beneficial visitor experience to area guests and locals alike. Additionally, the development of this project will enhance currently authorized and operating services in the area, such as bike rentals at Pinecrest Lake Resort to continue and thrive.

Please keep us apprised of any developments with this project. Should you wish to discuss further do not hesitate to call.

Sincerely,

Laurie Cashman  
General Manager
